

Total-Shield Plus™

FDA/EPA Registered Disinfectant

Ready to use one-step disinfectant/cleaner.

Total Shield Plus™ is a ready to use (RTU) one-step disinfectant/cleaner which offers broad-spectrum protection against Bacteria, Viruses, Mold, Mildew, and Fungus. When used as directed, Total-Shield Plus™ is proven to be effective against easily spread bacteria and viruses such as C. diff, MRSA, H1N1, VRE, E. coli, and Salmonella. Total-Shield Plus™ is safe to apply on all commonly found surfaces and will help control, inhibit, and remove pathogens on porous and non-porous surfaces.

Available in Gallon Size
4 gallons per case

- Effective against Bacteria, Viruses, Mold, and more.
- Unique formulation allows for a persistent killing activity for up to 28 days per application.
- Low Toxicity, Non-Corrosive, bleach and ammonia free and environmentally friendly.
- Total-Shield Plus™ is biodegradable and easier to work with than other disinfectants containing harsh chemicals that can irritate your body.
- Effective on Hard and Soft non-porous surfaces and proven to be safe on most surfaces with no risk of damage.
- Can be used in a variety of situations such as daily cleaning and tasks such as wiping walls and counters, mopping floors, and other surfaces in any environment.
- Tested against C.Diff, MRSA, Staph. aureus, Pseudomonas aeruginosa, H1N1 and more.

Features and Benefits

- Provides a unique, effective disinfecting surface treatment that will deodorize and kill bacteria, viruses, fungi, and spores for extended periods.
- Effective within minutes
- Low Residue
- Bleach and chlorine-free

Total-Shield Plus™ is low in toxicity, non-corrosive, biodegradable, and is environmentally friendly.
