

Sharp™ Single & Multi Channel High Precision Digital Pipettors

Sharp™ Pipettors provide both accurate and precise liquid dispensing in a comfortable ergonomic design, dual volume setting and a volume lock to avoid volume changes during routine pipetting. The ejector “klik-to-fix” system easily adjusts tip ejection.

SHARP™ Single & Multi Channel Pipettors

- Dual volume setting system
- Volume lock
- Easy calibration
- Adjustable ejector (NEW “klik-to-fix” system)
- Universal shaft
- Durable sealing system effective for 60,000 cycles
- Fully autoclavable, UV resistant
- Large pipetting pushbutton, color coded
- Comfortable finger hook
- Contoured handle
- Soft spring system minimizes hand fatigue

Sharp™ High Precision Pipettors
