

THOMAS SCIENTIFIC MOLECULAR DIAGNOSTICS

A service built by scientists, for scientists.

At Thomas Scientific, we deploy a dedicated Molecular Diagnostics Sourcing and Development Team consisting of scientists and industry experts. We work within an extensive supplier network featuring broad-range, market-leading brands and products, and are backed by an extensive network of distribution centers.

Our Molecular Diagnostics team utilizes a consultative and collaborative approach to develop solutions for your entire workflow.

Contact your rep or email MDxSupport@thomassci.com for a free workflow consultation.

1 Collection

**Automation
compatible
solutions!**

Turn to Thomas Scientific for reliable sourcing of tubes, vials, saline, specimen bags, all swab types, and many other sample collection supplies. We also offer a wide variety of transport media products (VTM, MTM, and more) both in bulk and as pre-packaged solutions.
